Starting a Career in Addiction Treatment and Prevention:

Internship Opportunities Available throughout New Jersey
About this Internship Manual

The New Jersey Prevention Network (NJPN) has a grant from the New Jersey Department of Human Services, Division of Addiction Services, to raise awareness about career opportunities in addiction treatment and prevention and to recruit college students into the field. Addiction treatment and prevention agencies across New Jersey employ thousands of dedicated individuals working hard to make a difference in the lives of the people they serve. And more are needed.

When someone is suffering from the disease of addiction, professional help is often the first step on the road to recovery. Professionals in the addiction treatment field provide counseling, support and help individuals get back on their feet. They keep families together and help make broken families whole again.

Internships can be a great way for students to learn more about a career and gain valuable experience that can lead to full-time employment. Because we want to help students that may be interested in the field of addiction treatment and prevention, NJPN has compiled the following manual, which lists internships that are available in all 21 counties of New Jersey.

Students with a variety of different majors may be interested in learning more about the internship opportunities in this manual. Some of those majors may include:

- Counseling
- Criminal Justice
- Education
- Public Health
- Psychology
- Social Work
- Sociology

We encourage you to share this information with your students and invite them to explore a career in addiction treatment and prevention.

Agency: Integrity House
103 Lincoln Park
Newark, NJ 07102
(Personnel Department office location)

Agency description: Integrity House provides long-term residential and outpatient treatment programs to those with substance abuse problems and pre-release inmates. Integrity has two locations in New Jersey—Newark and Secaucus. These programs primarily serve poor and criminal justice involved individuals.

Contact person: Ann Marie Castrovinci, Personnel Department
973-848-3711

Internships available for: Integrity utilizes interns in its clinical/counseling programs, administration and medical departments. Internships for other disciplines such as PR, IT or Journalism are also available.

Education level to start: Integrity requires, at a minimum, that students be working towards their Bachelor’s degree at an accredited school. Overall, Integrity does prefer Master’s level students for counseling and administrative positions. PR, IT, or Journalism students in a BA program will be considered.

Requirements: Potential interns must be interviewed by a director or senior manager and supervised by an appropriate and approved individual. Students or Field Placement Supervisor need to call the Personnel Department and describe the position they are seeking. Long-standing relationships with Rutgers, Kean and Seton Hall plus other accredited schools.

Eight to ten internships per semester are available for both the Newark and Secaucus facilities. Students will be evaluated after one semester; each internship depends on a number of factors.

Agency: Organization for Recovery
PO Box 827
Plainfield, NJ 07061
http://www.organizationforrecovery.org/home.htm

Agency description: Organization for Recovery, Inc. was founded in July 1997 as a private, non-profit treatment program primarily designed to treat opioid addiction in individuals 18 years and older. Located in Plainfield, Organization for Recovery, Inc. has since expanded to meet service gaps for other outpatient treatment needs, including drug-free treatment, in the surrounding communities.

Contact person: Dinita Smith, Clinical Director
908-769-4700

Internships available for: Anyone currently enrolled in a Bachelor’s or Master’s level degree for social work or counseling; clinical hours towards becoming a Certified Alcohol and Drug Counselor

Education level to start: See above.

Requirements: If the candidate is deemed appropriate following an interview with our Clinical Supervisor, a physical, drug screen and background check is required. If all is in order, a two-day orientation period will be provided prior to the commencement of the internship.

Three internships per semester are available. Students may stay for up to two semesters unless seeking more hours towards certification.
Agency: STEPS Recovery Center
Muhlenberg Hospital/Park Ave
Randolph Rd
Plainfield, NJ 07061
http://www.muhlenberg.com/programs-services/42/

Agency description: Steps Recovery Center at Muhlenberg provides services focusing on the needs of drug or alcohol-dependent patients and their families. The Center is staffed by licensed counselors working under the medical direction of a psychiatrist. Outpatient treatment services include day and evening programs, individual and group therapy, family and co-dependency services, psychiatric evaluations and consultations, relapse prevention and follow-up care. A holistic approach to treatment is taken at the Center, which integrates the 12-step philosophy of Alcoholics and Narcotics Anonymous. Comprehensive detoxification programs, such as outpatient partial hospitalization and inpatient detoxification, also are available.
